

**LAKE AREA TECHNICAL INSTITUTE
CORPORATE EDUCATION CENTER**

CUSTOMIZED TRAINING

This list of classes has been offered to companies in the past and we can customize them to meet your specific needs.

1. Lean Manufacturing
2. Supervisor Training
3. Geometric Dimension/Tolerance
4. Computer Seminars
5. Forklift Training
6. Welding Techniques
7. Customer Service
8. Geographic Info Systems (GIS)
9. CPR Child/Adult/First Aid, AED
10. Various Industry Seminars

Corporate Ed now has resources available that will do “training needs assessment” for many of your job descriptions. This will help identify exactly what your people know and don't know. So, you may spend your time and resources on training that will help your people grow. ASQ statistics show that education and training result in increased production. It does pay! Give us a call and see if we can help. We want to be “Your Partner In Education And Training”.

CLASSES TO YOUR BUSINESS! Is the time of our customized classes not convenient for your company employees to attend? We can come to your area of business or your company can come to our campus at a time that is convenient for you. Just call and we can make arrangements just right for you.

RENT A CLASSROOM/ THEATER! We offer outstanding classroom space with many of the teaching tools (audio visual equipment, power point presentations, Internet access) at your disposal. Easy access, plenty of parking, and a great learning environment - Call 882-5284 ext. 320

RENT A COMPUTER LAB! If you need to do computer training for your company and want to rent a computer lab, give us a call. You will be pleasantly surprised how easy it is to do and how accessible it is. Interested? Come on over and take a look.
